Subject: RE: Saltworks follow up to June 9

I must have been looking at the wrong calendar year – I meant the afternoon of Thursday, September 10th, not the 9th. My apologies for any inconvenience, and I hope this still works for you guys.

Hi David – I actually gave Roger an overview of where things stand on several of your questions, so you may want to check with him about that. I have a meeting Thursday, September 9, in the morning, but the afternoon works for us, so we'll plan to see you then. If I haven't heard from you by the time I get back, I'll check in with you for the details of where and when we should meet. Thanks, Sylvia

Hi Sylvia,

While we were hoping to better understand the status of the questions posed in my letter sooner rather than later, we do understand about summer schedules. I understand you discussed with Roger scheduling a site visit along with the meeting to discuss status. On our end, we would propose September 8, 9, 10, 11, 14, 15 (early day only), 24 or 25. Hopefully one of those days works for Region IX. I understand you are leaving on vacation tomorrow, so it would be great if we could confirm the date on everyone's calendars before you head out. Thanks for your assistance in confirming, and best wishes for your vacation.

Thanks. D.

Hi David – Given vacation schedules and the like this month, Jessica and I propose meeting with you the week of September 7 to discuss your questions. Please let us know what works for you and we will set something up. In the meanwhile, if you have any documents or any other information that you would like to have considered as part of the jurisdictional delineation process, please do not hesitate to send it to us. Thanks, Sylvia

Sylvia and Jessica,

Barbara and I wanted to follow up on our meeting on June 9. Thank you for your attention to the attached. Please let us know what would be most convenient for you as to next steps.

Regards, David Smith
